What is Teen Court?

Teen Court is a nationally acclaimed diversion program designed to divert less serious misdemeanor offenders, between the ages of 10-17, away from the more formal juvenile court. Specially trained teenagers fill the roles of mock prosecutors, defense attorneys, bailiffs and jurors. Along with an adult volunteer Judge, this group of peer jurors formulates a sentence for the defendant to complete in exchange for the dismissal of the misdemeanor charge. Utilizing the principles of Restorative Justice, Teen Court aims to provide the defendants with the opportunity to accept responsibility for their actions by completing sanctions that are designed to be constructive and rehabilitative, seeking to repair the harm done to the victims and to the community.

Teen Court attempts to interrupt developing patterns of criminal behavior by providing an opportunity to accept responsibility for unlawful behavior while increasing self-esteem and a healthy attitude towards authority.

Be a Volunteer!

Teen Court would not exist without our wonderful volunteers! Why would YOU want to volunteer? The answer is simple. Youth volunteers earn quality community service hours that can enhance college applications. They can also gain first-hand experience of the judicial system. Teens are able to develop public speaking and critical thinking skills while making a real difference in their community. Experienced adult attorneys and judges who volunteer provide training and mentoring as well as networking opportunities to the youth volunteers. They also provide accountability, authority, and encouragement to the youth defendants and their families.
